

YHZS SERIES MOBILE CONCRETE BATCHING PLANT

FOR READY-MIX CONCRETE
CONSTRUCTION
AND PRECAST INDUSTRIES

ABOUT YILI

ABILITY

20 years rich experiences of
manufacture since 2002

TECHNOLOGY

Professional technical team provides
most suitable design

MANUFACTRE

Skilled production workers
ensure the production quality

DELIVERY

Independent workshops for
different products quick delivery

SERVICE

Quick after-sales response with
solution but without worry

FEEDBACK

Accept customers' feedback and
improve product continuously

Yili Engineering Machinery Henan Co., Ltd., located in Zhengzhou, China, is a professional factory specializing in the manufacture, design and service of concrete and mortar mixing machines such as concrete batching plant, concrete mixer, dry mortar mixing plant, stabilized soil mixing plant, concrete batching machine, transit mixer, cement silo, screw conveyor, etc.

YILI factory covers an area of 40000 square meters, including independent workshops for raw material processing, concrete batching machine, concrete mixer, dry mortar mixer, transit mixer and stabilized soil mixing mixer. To ensure high quality, YILI adopts many high-tech manufacturing equipment such as Germany-imported high-precision laser automatic cutter, CNC plater shearer, CNC plate bender and sand blasting machine, working for our skilled workers.

We have 20 years of history and our products are sold to most areas in China and other regions such as South-east Asia, Middle Asia, Middle East, Africa, European and American countries. The high-quality products earn very many praises from our customers.

We believe our products can meet your demands and we welcome friends from all over the world to visit us!

YILI YHZS series mobile concrete batching plant with twin shaft forced mixing concrete mixer is very popular for the construction in small area or remote places. It has wheels which can be dragged easily. High legs or short legs can be provided.

YILI Plant Model	YHZS25	YHZS35	YHZS60	YHZS90
Theo. Mixing Capacity	25m ³ /h	35m ³ /h	60m ³ /h	90m ³ /h
Concrete Discharge Height	1.5 or 3.8m	1.5 or 3.8m	1.5 or 3.8m	1.5 or 4.1m
Max. Aggregates Size	60mm	80mm	80mm	80mm
Aggregates Storage	2 storage bins with 4 discharge ports.			
Mixing Time per Batch	60-72s	60-72s	60-72s	60-72s
Mixer Model	JS500	JS750	JS1000	JS1500
Mixing Motor	18.5kwx1	30kwx1	22kwx2	30kwx2
Belt Conveyor Power	7.5kw	7.5kw	11kw	11kw
Weighing System	Aggregates, cement, water and admixture.			

Note: bigger mobile concrete plant can be available.
